

Wild Dog Control Workshop

FREE | Taroom Golf Club | 16 December 2018

Do you have issues with wild dogs in your area?

This workshop is for you. Come along to hear about humane and safe ways of trap and control wild dogs.

In this workshop you will learn more effective methods in:

- ✓ baiting
- ✓ trapping
- ✓ shooting
- ✓ fencing

Your presenters:

Darren Pointon - Out n About Trapping and Outfitters Owner Operator

Darren Pointon has been a professional vertebrate pest manager for the last 30 years. Specialising in wild dogs, Darren works with government and private landholders across land tenures to resolve wild dog impacts on livestock, native wildlife, pets and people.

Jordy Oostrom - Trapper

Originally from the Netherlands, Jordy Oostrom has been trapping predators for 25 years. Living in Australia for the last ten years, Jordy has developed his business as a professional pest controller for private and government agencies. Jordy's experience includes trapping, deer control and guided hunts in Europe and North America.

This workshop is a joint initiative of Fitzroy Basin Association Inc. and the Queensland Government.
