

Northern Australia Climate Program

Incorporating Climate Variability into Grazing Risk Management

USQ and NACP invites you and your business partners to a climate and seasonal outlook workshop

Where: Mundubbera Town Hall supper room **Tuesday 19th March**
Biloela Anzac Club **Wednesday 20th March**
Gin Gin Showgrounds function room **Thursday 21st March**

Time: 8:30 (cuppa), for 9:00am start, until 2:00pm. Morning tea and lunch provided

Speakers: Dr. Chelsea Jarvis (USQ), Damien O'Sullivan (DAF), and Peter Crawford (NACP Climate Mate Central Qld.)

Please book in: Contact Peter Crawford on mobile 0427 024 921, or e-mail peter.crawford@usq.edu.au, **before Friday 15th**, for catering purposes. Please state numbers, workshop location, and any specific dietary requirements.

This workshop is brought to you by the Northern Australia Climate Program (NACP). The goal of NACP is to improve the capacity of the red meat industry to manage drought and climate risk across northern Australia. NACP is funded by MLA, USQ, and the Qld. Government
