

Finding your balance and bouncing back

Part 1. Business Management Basics with Andrew Zerner Part 2. Defining Goals and Balance with Katie Zerner

Together, Andrew and Katie will present practical ideas to take home to improve business management within your grazing business, and also support your own balance and focus moving forward.

ABOUT THE PRESENTERS...

Andrew Zerner is a teacher, consultant and coach for RCS. After completing his agricultural degree, Andrew returned to the family farm where he ran a successful dairy operation with his parents near Murgon. Later this operation was converted to a beef trading enterprise. Today Andrew and his wife Katie continue to live on the family property and run a commercial beef trading enterprise. *Specialist areas include: Benchmarking; Business Analysis; Business Planning; Ecology; Soil Health; Grazing Management; Property Development and Planning; Cattle; Dairy; Mapping Software; Pastures; Nutrition and Reproduction.*

Katie Zerner is a facilitator for RCS, as well as a physiotherapist and owner of a successful Holistic Health Centre. With her business, rural and health background, alongside life coaching experience, Katie is uniquely placed to understand and support those in the grazing industry. Together, Andrew and Katie have two children, and live on-farm in Murgon QLD. Katie enjoys helping people become the best they can be. *Her specialist areas include: Life Coaching; Vision and Goals, Roles and Responsibilities; Business and Family Facilitation; Business Analysis; and Grazing Management.*
