

Joining Fitzroy Basin Association

Why join FBA?

Fitzroy Basin Association Inc. (FBA) is the lead natural resource management (NRM) body for Central Queensland. Our region extends over 156,000km², from Nebo in the north to Injune in the south, and west to the Drummond Range. This includes the Fitzroy and adjacent coastal catchments including Boyne and Calliope.

The charter of FBA is to ensure the region's natural assets are used wisely and preserved for future generations. We do this by taking a holistic and business driven approach to sustainable development.

Becoming a Member

FBA makes on-ground change occur by working in partnership with our stakeholders through funding from Australian and Queensland Government programs.

Our members provide a direct link to the community, and receive regular updates and access to networking opportunities, workshops, field days and events.

As a member you can help us empower our communities to maintain our natural assets for future generations and have a say on the future of our region.

FBA has two membership* classifications

Stakeholder membership

Open to community and industry groups, incorporated associations, corporate bodies, local and state government entities with an interest in NRM that operate in the Fitzroy Region. A nominated delegate must be selected to act as the representative and is entitled to one vote at Board elections. If the nominated delegate is unable to attend, a Proxy form must be completed by the nominated delegate to appoint a substitute delegate to act as Proxy.

Associate membership

Open to individuals, groups, organisations and businesses interested in FBA's work. Please note that associate members are not eligible to vote.

* There are no fees or charges associated with becoming an FBA member.
