

SwarmFarm Field Update

SwarmFarm is holding a field update to discuss the results from the last 2 years of field trials and developments in **robot based individual weed chipping and microwave treatment** for hard-to-kill weeds like Rhodes grass and Fleabane.

Come and meet the team.

Where: 'Bendee', Glenorina Rd, Gindie

When: Wednesday 6 March 2019 from 4 pm and in the shed for Beers and BBQ afterwards

RSVP: 4 March to beck.spooner@swarmfarm.com

Sponsored by the Queensland Government through the Strategic Cropping Land (SCL) Mitigation Fund supporting new farming systems.

**Queensland
Government**
