It doesn't matter if you've been practising regenerative agriculture for 20 years or never heard of it before, this workshop is for you! Learn how to restore your soil health, diversify vegetation and wildlife all while running a grazing and/or cropping enterprise.

## Guest speaker

### Shane Joyce

*Deputy Chairman of Biodynamics Australia*

Shane is well-known in central Queensland for managing soils back to the best possible condition.

During this workshop, Shane will help you find solutions that suit your enterprise, budget, land type and goals. Having transformed Dukes Plains in the early 2000's, Shane is familiar with the obstacles that central Queensland farmers face.

## Topics include

- ✓ An introduction to biodynamics
- ✓ How to adapt biodynamics for your enterprise
- ✓ The practical application to broadacre properties
- ✓ The financial benefits of Biodynamics

## Learn how to...

- ✓ Make a soil activator pit
- ✓ Create a biodynamic compost pile
- ✓ Assemble a BD 500 Horn burial pit (horn samples available)
- ✓ Mix and apply preps
