

FBA's Farming for the Future Forum

Building resilience through regenerative agriculture

19 – 21 July, 2022

\$220 per person (inc. GST)

Rockhampton Heritage Village
Shearing Shed
Boundary Rd, Parkhurst Qld 4702

Day 1

10am – 6pm

Learn from the best and network

Guest speakers will introduce key challenges, concepts, and solutions. Mingle with fellow farmers, guest presenters and extension professionals.

Day 2

8am – 5pm

Results in action

Visit local properties that are successfully practising regenerative agriculture.

6:30pm - 9:30pm

Dinner discussions

Experts share insights over dinner.

Day 3

8am – 3pm

Apply knowledge and head home with a plan

Put new skills into action with the help of guest speakers, peers and extension experts.

RSVP by 13 July at:
(<https://qr.page/g/1Ph6Frj1UV>)

or scan this code
to register!

Forum fees include lunches (19, 20 & 21 July), morning teas (20 & 21 July), afternoon teas (19 & 20 July), dinner (20 July) and transport to property visits.

FBA has pulled together some of the best minds in Australian agriculture to help central Queensland farmers improve their pasture, soil and animal health.

This three-day forum will help Fitzroy farmers make changes to improve their businesses' productivity and resilience with regenerative agriculture practices. Carefully designed, the forum allows attendees to learn new skills, find the right solution for their property and head home with a plan.

Welcome guest presenters:

Walter Jehne
Co-founder of
Regenerative Earth

Dr Gundi Rhoades
Practice Owner
Gowrie Vet Clinic

Peter Andrews
OAM
Agricultural pioneer

... and
many more!

Don't miss this opportunity to prepare your farm for the future!

Topics include:

- ✓ The challenges facing Australian and CQ Agriculture
- ✓ Addressing soil and pasture challenges
- ✓ Soil sponge – how the water and carbon cycles interact
- ✓ How to overcome the challenge of farming with less rain
- ✓ Soil health and pasture degradation (the pasture dieback story)

About the guest presenters:

Walter Jehne

Co-founder of Regenerative Earth

Walter Jehne is an internationally recognised soil microbiologist and innovator. He has field and research experience in soils, grasslands, agriculture and forests at local, national and international level. Walter's specialisation is the role of soil microbes' symbiotic processes in the ecology of diseases, plant health, nutrient and waste cycling, soil pedogenesis and the regeneration of bio-systems.

Dr Gundi Rhoades

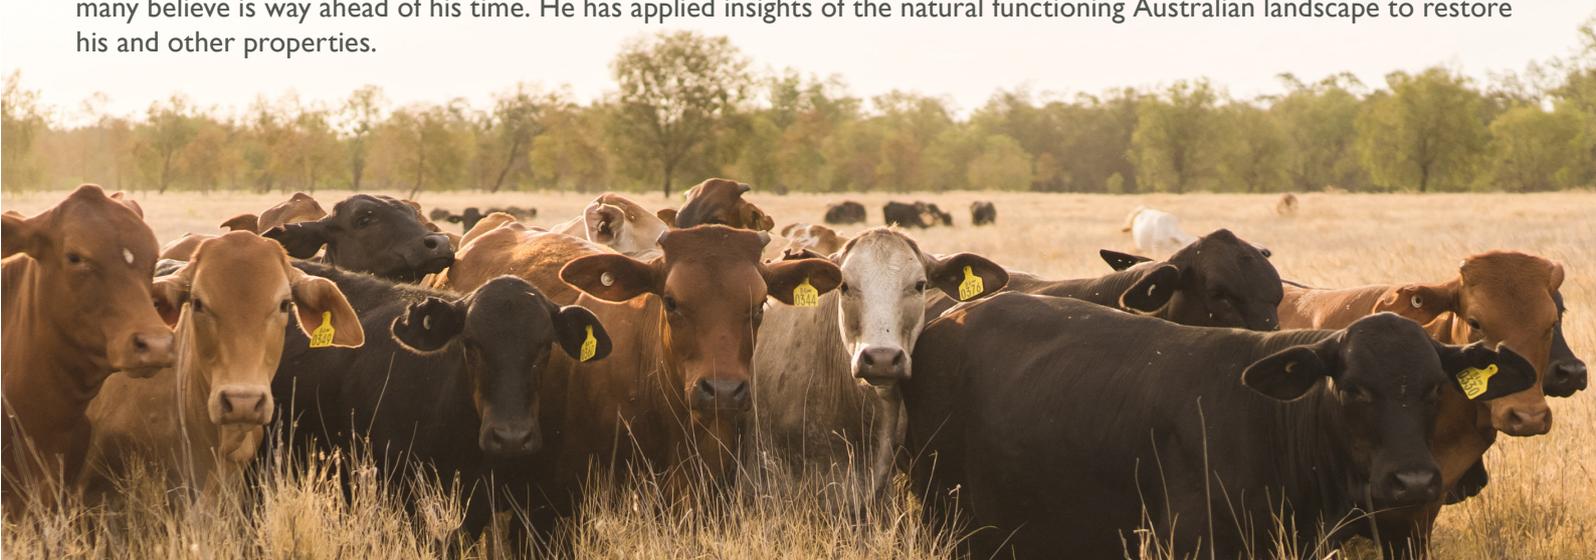

Practice Owner of Gowrie Vet Clinic

Gundi Rhoades is a German veterinarian living in Australia and she has been practising her profession for 30 years. As the owner of an organic farm and a nutritionist, she is passionate about the link between soil and human health. Gundi has a deep understanding of the agriculture industry as well as the health effects associated with chemical farming.

Peter Andrews OAM

Agricultural pioneer

Peter Andrews OAM is a farmer and a race horse breeder from Bylong in the Upper Hunter Valley. He is a man who many believe is way ahead of his time. He has applied insights of the natural functioning Australian landscape to restore his and other properties.
