.....

Learn how to protect native species on your patch, whether it's 2ha or 2,000ha! Everything you need to know about establishing or managing natural assets or nature refuges in CQ. Chat to likeminded land managers and get your questions answered by industry authorities.

Learn about...

- ✓ Managing a nature refuge
- ✓ Pest management (plants and animals)
- ✓ Fencing options
- ✓ Vegetation management (updated exemptions and clearing codes)
- ✓ Carbon farming - the benefits and regional opportunities
- ✓ Trees in grazing systems - how it benefits productivity and profitability
- ✓ Pest animal trapping (includes demonstration)
- ✓ **Available resources and funding opportunities**

... and heaps more!

Got a Question?

This is your chance to chat to representatives from FBA, Ecosure, The Department of Environment and Science, Queensland Parks and Wildlife Service and Partnerships, Gallagher Fencing, RegenCo and other industry experts.
