LEARN MORE!

FBA works closely with local people to deliver solutions for a healthy environment. Learn more about FBA's services at

fba.org.au

TOPICS INCLUDE...

How to access QRIDA grants and loans

QRIDA supports primary producers, businesses and non-profit organisations with financial assistance including grants and loans. Come along to learn what support is available to you and how to apply.

How to use weather and climate forecasts to your advantage

Join FBA's climate and weather guru (Dan Rea) to learn which forecasts to keep an eye on and when. Dan will provide some tools and tricks to simplify this often-confusing topic.

How to get your bore and bore drains watertight

The Queensland Government is working to cap and pipe stock and domestic bores to reduce water loss. Learn how to future-proof your farm through cost-effective water management methods.

A biosecurity update

Pest animals and weeds don't follow fence lines. Learn about biosecurity efforts being made around the region plus how you can best protect your land and business from biosecurity risks.

Getting your business finances in order

Join Rural Financial Counsellor, Hannah Vicary, to learn what steps you can take to improve your financial security.

Plus information stands and representatives from Central Highlands Regional Council and CHRRUP.

Queensland Government

This event is supported by Fitzroy Basin Association and Desert Channels with funding from the Queensland Government's Great Artesian Basin Rehabilitation Program.
