

Grazing Naturally with Dick Richardson

Get the most out of your grazing system naturally!

This hands-on workshop with Natures Equity Director, Dick Richardson will cover all the bases of grazing naturally. Learn how grazing naturally can increase your profitability and productivity.

Learn

- ✓ The basics of ecology and plant growth
- ✓ The principles of grazing naturally
- ✓ How to make the change to natural grazing
- ✓ Understanding soil
- ✓ How natural ecosystems function
- ✓ Understanding the carbon cycle
- ✓ Assessing feed availability

Plus

Get your hands dirty with a practical session on plant health and soil building to learn how to make Grazing Naturally work on your central Queensland property!

Presenter

Dick Richardson

DIRECTOR OF NATURES EQUITY
Dick Richardson is internationally recognised as a leader and innovator in the world of regenerative grazing management. Having spent a lifetime on the land working on multiple continents, in large and small operations, Dick has built up a wealth of experience and knowledge. Dick has an amazing ability to combine information, experience and intuition into simple practical application.
