Life on the land is tough, but you're not alone. This workshop is a great opportunity to learn what assistance is available to you, how to use climate forecast information to your advantage and how to help a mate in need.

CQ growers and graziers are invited to come along to get their business and mind prepared for drought.

Learn...

- ✓ How to understand seasonal climate forecasts
- ✓ How to use forecasts to make decisions
- ✓ What drought assistance is available to you
- ✓ About climate impacts on a local level
- ✓ How to plan for drought
- ✓ How you can contribute to future regional drought planning for the Isaac region

Chat one-on-one with CQ climate experts and pick up a range of helpful free resources.

Rural Minds Mental Health Training

Designed by and for people living and working in rural and remote Australia this info session will teach you about mental health and well-being. Gain the skills to identify when a mate (or you) needs a hand and what help is available.
